

Why Does Jack's Exist?

Our Mission;

Improve the way guys think, feel, and act through every phase of their caregiving journey.

Our Vision;

A Global Community for Jacks.

The community that we imagine will someday ensure every caregiver experiences renewal and solace every single day. It will someday inspire and equip every caregiver to face their challenges boldly, with energy, enthusiasm, and confidence. And it will someday give an entire team of highly equipped caregivers to everyone facing catastrophic illness.

Our Impact

97% of the guys we've served report that Jack's contributed to their sense of improvement as a caregiver.

Who Do We Exist To Serve? "

First and foremost we exist to serve the "Jacks". "Jacks" are guys who've cared for a loved one with a catastrophic illness. However, we also have numerous coed programs that serve anyone who's cared for a loved one with a catastrophic illness.

Our Nondiscrimination Policy

Illness does not discriminate and neither do we. Jack's Caregiver Coalition does not discriminate against any person in membership in the organization on the basis of race, color, national origin, ethnicity, culture, language, disability, age, creed, religion, sex, marital status, sexual orientation, gender identity or expression, socioeconomic status, military status or other protected class status as provided by applicable law. In addition to providing a discrimination-free community, Jack's Caregiver Coalition is committed to providing a positive and supportive environment for caregivers through programming and activities tailored to its members' needs.
